

HUNTER 19

Inspired by the success of Hunter's 23.5, the new Hunter 19 combines exciting features with the most modest sailing budgets. And the 19 is the latest in our growing family of quality built, water ballasted sailboats. Water ballast is central to the 19's ability to be easy to trail and yet stable to sail. Additionally, the swing centerboard blends excellent sailing characteristics with the shallow draft needs of trailering and coastal exploring.

Inside is a surprisingly spacious cabin with a large double berth, galley, privacy for the head and full sitting headroom — all standard! The optional camper canvas further improves the 19 as a great over-nighter with room for four. Coupled with Hunter's famous Cruise Pac®, your complete package is ready to trail and sail, all backed by Hunter's warranty and Customer Bill of Rights.

See for yourself why innovation, attention to detail, quality and value have made Hunter Marine the sailboat leader in America!

We go the Distance

CRUISE PAC®

While everyone else was complaining about the high cost of marine hardware and accessories, Hunter was doing something about it. The Hunter Cruise Pac® was developed to make all the accessories and hardware you need standard equipment. We buy top-quality gear in very large quantities. The result? Equally large savings. The Hunter 19 Cruise Pac® isn't just sails, winch, and running rigging — it's things like galley, anchor, fire extinguisher, running lights, life jackets — even a copy of *Chapman's Piloting, Seamanship, and Small Boat Handling*. We invite you to compare the Standard Equipment list below with that of any other manufacturer. You'll discover that Hunter is going the distance for you with more — and better gear. For less.
