

# HUNTER 146

DISCOVER THE DIFFERENCE

# HUNTER 146

Families and new sailors will love the New Hunter 146. Higher sides and a wider beam create more confidence and the unsinkability provides peace of mind for the parents. The 146 is easy to trailer, rig and launch and it will carry the entire crew. A versatile boat for the family on the go! The new Hunter 146 is built utilizing the patented Advanced Composite Process, which combines thermoformed UV protected plastic, fiberglass mat and injected foam that is conformed into a rigid, sturdy hull that is five times more impact resistant than conventional fiberglass.
